COMFORTABLE**

OFFICE CHAIR **ALARES**

---

PIQUERAS Y CRESPO

# Alares

The Alares chair combines a modern and elegant line with a complete range of options to equip all the spaces in your office.

From operative workstations, where comfort is a priority with the upholstered version, to offices, where the configuration with mesh backrest, lumbar support and adjustable headrest adapts to the status and the need for a certain level of ergonomics.

# WHY ALARES?

## Look for the value in your origin

Alares is a hamlet in the municipality of Los Navalucillos, in the province of Toledo, whose name comes from the name “alar”, a hunting trap for partridges.

The hunters used to say go to the “alares” to collect their prey, hence the name. Alares is a hidden treasure in the Montes de Toledo.
